AlcoBlow®

The AlcoBlow® is a rapid screener which detects the presence or absence of alcohol in the body. This easy-to-use, portable device is invaluable to the Police at the roadside, to an employer in the workplace or in any environment where multi-screening is a necessity.

- Easy-to-use: just 2 control buttons
- Reliable analysis in seconds
- Simple display system: result shown on a single LED
- No mouthpiece required: no physical contact
- Dual mode: active and passive

A Worldwide Company ... For a Safer World ...

Simple Operating Procedure

READY FOR USE

SUBJECT BLOWS

ALCOHOL IN A DRINK?

CLEAR RAPID RESULT

Specifications:

Analytical principle:
Lion fuel cell sensor
